

Ordering food online

1. Open your device's Play Store and search for Online Food Delivery apps such as Zomato, Swiggy, UberEats.
2. After installing the app Sign-Up using your phone number.
3. Set your delivery location by selecting the pointer on the map within the app.
4. Now add your address in the address section along with nearest landmark.
5. Now choose your favourite food items and checkout using your previously added UPI payment methods.
